GREENVILLE, KY., THURSDAY, AUGUST 24, 1911.

50c. PER YEAR, IN ADVANCE

## MYRIAD FEATURES BANISH DULL CARE

ATTRACTIONS OF PASS WILL CONTRAST WITH MORE SERIOUS EXHIBITS.

## MUSIC BY ELEPHANT BAND

Free Attractions More Numerous Than Ever Before. Furnished—Racing Events Are Corkers.

Variety not only is the spice of life but experience has proven that it is one of the requisites of success for a big undertaking of a public character such as a state fair. In recognition of this fact the management of the Kentucky State Fair has under plans for the ninth annual exhibition which promises entertainment for all classes and sections. While the more serious form of entertainment comes first, especially in connection with an educational institution such as the Kentucky State Fair is proving to be the demand always is great for something in a lighter vein which will help drive dull care away and furnish a kind of mental dessert for the feast of good things which the new premium list discloses.

It was the recognition of this element in human nature which caused the side shows at the county fair to be born. The idea progressed until the great international exhibitions at Chicago and St. Louis were produced. It was at the former that the midway became a reality and at the latter that the Pass was introduced. Both struck a popular chord and thus it is that the different state fairs are not considered complete without some such feature.

## Both Novel and Clean.

But, together with the adoption of the Pass feature has come the recognition of the further fact that the general public will not long approve it unless it is accompanied by novel surroundings and not prove offensive to the crowd which it attracts. The contrasts made for the myriad Pass features for the coming fair included stipulations in the effect that the shows must be clean, while retaining the virtue of being novel. This condition will be complied with. Not only will the shows be novel but they will be new. The old time, much-worked-over exhibitions will not be contemplated. On the Pass, as well as the other features, the public will be expected to be given their money's worth and failure on the part of showmen to do this will meet with instant rebuke.

As an adjunct to the Pass features will be the numerous free acts, all thrilling and exciting. Visitors to popular amusement assert that the great halibut net in which a bicycle rider dashes down a steep incline, loops the loop and gaps the gap so quickly that the spectators can with difficulty follow him with their eye, is one of the most thrilling ever produced.

## Music on All Hands.

The musical elephants will be a source of continuous delight to the children as well as their elders. The "stunts" which these huge pachyderms perform illustrate what patience and ingenuity will accomplish in the training of wild beasts.

The Whirling Luminette Sisters furnish still another attraction of more than ordinary interest. All lovers of music will enjoy the abundance of it provided by the state fair management. Three high class bands, more than have ever before been heard on the state fair grounds, will render programs each morning, afternoon and night of the fair. Callendo, the great Italian leader naturally will be most in evidence.

## Fat Pursues For the Races.

A total of \$8,000 in purses will be offered in connection with the racing events which will exceed in interest any ever before held. Kentucky is today the center of racing as a result of the fight made on the sport in numerous states and the stand early taken by the legislature in passing laws for the control of racing which puts it on a high plane. There will be twelve races in all during the week, seven trotting and five pacing events. Due to the fact that the head-on collision is scheduled for Saturday afternoon of fall week it will mean that on the first five days of the fair the public will get more than its usual share of races. On Monday there will be two, and on Wednesday and Thursday there will be three races each.

## ENTICING STAKES OFFERED FOR FIVE GAITED SADDLERS

COL. M. C. RANKIN READY WITH GENEROUS PURSE IN THIS CONNECTION.

Col. M. C. Rankin, commissioner of agriculture, has come to this year with a guarantee of \$500 in cash as "The Commissioner of Agriculture Stake" for five gaited saddle horses. This special stake of \$500 is for gaited saddle horses, stallions, mares or geldings, to be shown under saddle in accordance with the rules of the Kentucky State Fair governing this class. This stake will be divided as follows:

First 25 per cent to the first horse, 25 per cent to the second, 15 per cent to the third, 10 per cent to the fourth and 10 per cent to the fifth.

A condition is that all entries be registered in the American Saddle Horse Register. The name of the horse must be filed with the secretary of the Kentucky State Fair by September 1.

## LAWYERS' INCOMES ARE LOW

Only 30 Per Cent. of the New York Attorneys Make a Fair Living.

The income of the average New York lawyer is no greater than that of a patrolman or a tradesman's clerk, according to figures compiled by the New York County Lawyers' association, which show that there are approximately 16,000 lawyers in Greater New York, or about one to every 175 inhabitants. This provides an average of three or four dollars to each lawyer, and only 30 per cent. are making "a fair living." About ten per cent. are making "large profits." It is this ten per cent. and their "large profits" that tempt the young man with ambition. "Most of these young fellows don't understand that they would do much better to go into trade or study scientific farming," says the report. It adds that of the ten per cent. among lawyers that are earning large fortunes, 15 per cent. are the greater part are men whose names seldom appear in the papers. Conversely, many of the lawyers who are most talked about are not earning large incomes.

## INDUSTRIOUS ONE IS WINNER

Fact That Should Be Appreciated by Boys and Girls Who Are Called Clever.

There is an immense amount of nonsense talked about people being "clever," and the talk is very often not only misleading but positively mischievous. If a boy or girl does well at school or college, it is explained by the simple word, "clever," and those who do badly are, on the other hand, "not clever." And so the "clever" ones are expected always to win the honors and the others are expected to follow behind at a respectable distance. It would not so much matter about ordinary outlookers talking in this fashion if the students themselves were unaffected. But it generally happens that they accept the situation, believing the verdict, and their studies and outlook are in consequence substantially damaged. As a matter of fact, the verdict is very rarely true. The prizes are won much more frequently by those who are exceptionally industrious, rather than by the exceptionally gifted, and it makes all the difference in the world if this fact is appreciated.

## Little Left of Legacy.

A few days ago an old woman of eighty, living in a village some twenty miles from Paris, became a widow. Among her husband's papers she found a postoffice savings bank book showing a balance of two francs (35 cents). She went to the postoffice and asked for the money. "Have you paid the taxes on your inheritance?" she was asked and on her replying "No," was told to go to a town three miles off, where she would have to pay them. On arrival there she was sent back to her own village to fetch her husband's death certificate. She was given this, trudged back again to the other town, and was given a paper, for which she had to pay eight cents—six cents for the 15 per cent. tax on the one, and twelve cents left by her husband, two cents for the stamp. She then walked the three miles back to her village (making twelve miles in all), found the postoffice closed, and next morning she was given the 25 cents which her husband had left.

## A North Dakota Wolf Killer.

In crossing the Big Pembina on his way to Wallula the other day Hans Brattle of Osnabrock had a chance to put in a few new stunts in the way of hunting. A big timber wolf crossed the road just ahead of his team and in trying to jump the fence next the road got caught and tangled up in the barbed wire. Brattle had no gun, so it was a case of go for the beast with nature's weapons, which he did, and in trying to get the toe hold managed to get a good grip on the wolf's tail. The wolf then made a few hurried circles around Mr. Brattle's head and hunted head first for the hole in the fence, dead as a door nail, and Hans continued on his way to Wallula after filling and lighting his corn cob. Osnabrock correspondence Bismarck Tribune.

## Fine Old Church Burned.

The old church of St. Michael, Hamilton, Devon, England, which dated from the thirteenth century, and was one of the finest pieces of architecture in the county, was destroyed by fire the other day. The tower and the main walls are the only portions saved. The church was built by Bishop Courtenay, the "haughty prelate" of Shakespeare's Richard III. According to an old legend it was originally intended to erect the church at the foot of the hill, but emissaries of the Prince of Darkness withheld it otherwise, and when the stones placed in position during the day were each night transported to the top of the hill, with the result that the plan was changed.

## Aerial Snuggling.

The first aerial snuggler has come to grief. He tried to fly from Luzern to Switzerland and landed late this morning at a customs office. Aerial snuggling is a fascinating game and the fact that it is hazardous makes it all the more so. Which means there's more trouble ahead for the unhappy tourist myrmidon.

## Kentucky Fair Dates.

The following are the dates fixed for holding the Kentucky fairs for 1911 as far as reported. Officers of fairs are requested to report to us any omissions or corrections of dates.

Shelbournsville, Aug. 27-1 day
Shelbournsville, Aug. 28-1 day
Columbia, Aug. 27-1 day

DEPOY, KENTUCKY

## Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

## TAKE CARDUI The Woman's Tonic

Mrs. Jane Callahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic for women. Whether seriously sick, or simply weak, try Cardui.

Greenville, Ky.

THURSDAY, AUGUST 24, 1911.

Entered at the Greenville, Ky., postoffice as second-class matter.

THESE Socialists do not get along together any better than the rest of us do. Peace and concord at Ard en are only skin deep, and at a Social-ist conference in Milwaukee one of the delegates denounced Congress- man Berger for disrupting the Social-ist party in Missouri. These quar-rels among the people who are going to emancipate us from everything that impedes human progress toward the highest development makes us as timid about following them as the advertised warning "Beware of imitations" around, perhaps what we are about to buy is an imitation. Can we be sure that we would know the genuine from the counterfeit? Hadn't we better get along without it rather than run any risk?

It Postmaster General Hitchcock can save \$5,000,000 a year on the railway pay for carrying the mails he will have to fight all the railway companies of the country. It makes no difference what the system of computation is, if it shall cut their pay \$5,000,000 they will go to work on Congress to defeat it. There is no question that since the present scale of payments was arranged, thirty five or forty years ago, the reductions in the unit payments have been very much less than reductions in charges for freight and passengers, and probably also the charges for express service. The railroads have not reduced their charges to the Government in anything like the ratio they have reduced their charges to other shippers. That is indisputable.

ARIZONA will be given a chance to come into the Union by the amended Statehood bill, but on condition of remodeling the proposed State Constitution to the President's liking. For the first time in our history the people of an incoming State have been obliged to submit to Federal authority and direction in shaping their fundamental law. It is true that if the admission of Arizona had been resisted because the judiciary recall provision was in violation of Constitution of the United States and made the proposed State government unrepresentative in form the opposition would have stood on firm ground. Neither the president nor the other objectors, however, went to the length of declaring the recall unconstitutional or unrepresentative. Their arguments, therefore, break down in the middle and leave them in the indefensible position of claiming that the making of the fundamental law of a State is a function of the Congress and Executive of the United States.

It is possible that within the next ten years the owners of farm lands of the South, in addition to the annual profit to be made by the cultivation of these lands, will make \$5,600,000,000 by the increase in their value, bringing the value up to nearly \$11,000,000,000. These stupendous figures illustrate the possibilities that may come to the owners of Southern farm lands. Not every land owner will share equally. Some will make more, and some will make less, but it is fair to say that ten years hence the agricultural lands of the South will have increased on the whole to such an extent that they will be worth from \$5,000,000,000 to \$6,000,000,000 more than they are worth today. This unearned increment, as it may be called, will add enormously to the wealth of the South. Between 1900 and 1910 the average value per acre of the agricultural lands of the United States increased from \$15.64 to \$32.48. During the same period the average acre value of the South's agricultural lands increased from \$6.88 to \$15.84, making the average value of the agricultural lands of the South

something more than the acre value of the lands of the United States ten years ago.

SEASICKNESS is due to irritation of the semicircular canal of the inner ear, and caviar is a preventive of cholera. These are two of the latest discoveries in medical science. Persons with irritable semicircular canals in their cars can escape mal de mer only by remaining on terra firma. The stomach has nothing to do with the case, except incidentally—and dieting before a voyage will not help any. The discovery of the incurability of seasickness is discom- forting, and the coincident discovery of the germicidal action of caviar on cholera microbes is hardly a compensation. Many people would regard the alternative of taking cholera or taking caviar a choice of evils, whereas in the advance stages of seasickness the latter would be more terrible than the former to the victim, whose fear is not that he may die, but that he won't.

THE excellent example set by the Pennsylvania Railroad managers in beautifying and making smooth and slightly to the looker on from the car windows all available spaces along side its tracks has been largely followed by other roads. The Rail- way Gardening Association, which lately held its fifth annual conven- tion in Chicago, has approved the suggestion of R. W. Hutchinson, landscape gardener of the Penn- sylvania lines, to replace all the unsightly right of way fences of all the railroads in the United States and Canada with hardy flowering heli- ges. Much has already been done to make the open spaces about stations and embankments along the road- sides good to look upon, but the proposed floral hedges would afford a continuous delight to the weary traveler. When it is considered how many millions of people are every year carried back and forth on the rails, and how much time is spent in travel, the effort to make locomotion more agreeable is un- questionably well worth while. The pleasure more than repays the cost.

AN umbrella was found in the stomach of a shark caught in Dela- ware bay a few days ago. Search was made for the owner, but no trace of him was discovered.

Cecilian Vs. Central City on Sunday Aug. 27, 1911.

On Sunday August 27, 1911, the Cecilian base ball team will meet the Central City team at Athletic Park in Central City. The Cecilian team is one of the strongest ball clubs, outside of professional ball, in the state. They have been playing classy ball all this season, and have played some nineteen games and lost only one. With Stamps as pitcher, who won the championship for Kosmosdale in the City League of Louisville in 1910, they are going to put up the strongest fight possible.

Central City will have the strong- est line-up of the season, and will make the fast going Cecilians hustle to add another scalp to their string of victories. Central City has se- cured the services of Pitcher Run- yan of Paducah, who has been pitch- ing fine ball, and with a few more changes this ought to be one of the very best games seen at Athletic Park this year. Central City has played 16 games and won 14 of them. The fans who want to see a good game of ball cannot afford to miss this one. There are regular trains on the L. & N. out of Rus- sellville and Owensboro in the morn- ing, and returning in the late after- noon. The game will be called promptly at 2:45, so let everybody come and see the game.

**Have You Failed?**  
How often on the rutty road of life have you relieved the load from struggling shoulders and dis- pensed  
The cheering word that recompensed Ambition for its blows and scars  
And sped the dreamer to his stars?  
When brutal tongues were wont to flout  
And grant no benefit of doubt,  
When Gossip flailed her stinging knout  
And Envy struck with poisoned fang,  
Can you recall that your word rang  
To check the hurt and hold the shame  
Of smirch from off a neighbor's name?  
Or have you lived your life in vain?

## Pets and Penalties.

It is always with fear and trem- bling that one strikes the note of warning against the dangers that menace through the family pet; but now and then it has to be done, and all the more because of the fact that the dealer the pet the greater the menace. It is hard to prove to the people who admire their cats that this lovable, hugable, kissable animal can be, and often is, a carrier of the worst kinds of disease-germs. They say, "Why, our cat is the daintiest, cleanest thing in the world. She washes herself all the time"—and it is quite true, she does, only unfor- tunately she has no knowledge of the germ theory, and those fastidious passes of hers over the surface of her fur, although very satisfying to her own sense of cleanliness, have no effect whatever on the microbes she may be unconsciously harboring.

The germs of nearly all the epi- demic and local diseases flourish upon the family cat, although the animal itself may not be subject. In some cases it can both spread and have it itself—diphtheria is a case in point. The thick fur, so tempting to stroke, can hold the germs of typhoid fever, scarlet fever, measles, whooping cough or small- pox. Besides these and many others, ringworm and tapeworm can be spread in this way, as well as other skin disorders.

It is dreadful to reflect how often a convalescing child is given the family cat to keep it company in its exile from its playmates, and then, when the animal is turned loose in the house without being boiled first, people are quite astonished that the influenza should spread through the entire family—after all their care.

Of course the cat is not the only culprit. Dogs, horses and canary- birds come under the same condem- nation, except that dogs are often given thorough baths, especially house dogs. It is difficult to hug and kiss canaries, and horses seldom are allowed to sleep on the foot of the bed. But whatever the nature of the pet may be, it is safe to make the rule that it should not be handled much, especially if it is the long-haired kind; then, if parents will see to it that any animal allowed in the house, or approached by the children, is kept scrupulously clean, much of the danger will be eliminated. It ought not to be necessary to add a word of protest against the altogether unwise habit of kissing or being kiss- ed by animal pets, and yet this breach of decency is often committed by otherwise fastidious people.

## MUHLENBERG COUNTY SAVINGS BANK

Greenville, Ky.

Appreciating your past patron- age we solicit all or part of your future Banking business.  
**THOS. E. SUMNER, Cashier.**

## THE FIRST NATIONAL BANK GREENVILLE, KENTUCKY

DIRECTORS—W. A. Wickliffe, W. G. Duncan, C. E. Martin, R. T. Martin, E. J. Puryear, C. M. Martin, Jno. T. Reynolds, Jr.

The standing and responsibility of the men who constitute our Board of Directors are a guarantee of careful, judicious management.

## A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stom- aches. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

**Dr. Pierce's Golden Medical Discovery**

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

**KITCHEN CABINETS AT ROARK'S.**

## Local Mention.

Sun Bros. circus here Sept. 13.

Mr. Wm. Brizendine spent last Sunday in Louisville.

Home rendered last 125.6 per pound. J. E. COOMBS & CO.

Some of our young men are preparing to take as their vacation the first two weeks in September. By a strange coincidence the grand jury will be working at this same time.

Give Miss Lena Arnold your laundry; goods called for and delivered.

Mr. John Brizendine was in Louisville the latter part of the week on business.

Needles for all sewing machines at Roark's.

The extra session of circuit court, begun Monday, will likely last the two weeks, when the regular September term begins.

\$1.75 excursion on the 27th.

Typewriter ribbons, all machines, at Roark's

Freak storms and hail and wind have done vast damage to property and crops in various parts of the country during the past week.

This is a trial court only, during the special term, so no one need leave town on the idea that they are dodging the grand jury; that will only come with the regular term, in September.

A Bissell carpet sweeper will last longer than 40 corn brooms, costing from \$12 to \$15; the sweepers cost \$3 to \$5.75. See them at Roark's, and have other advantages than the money-saving features explained.

Let Mc fix your clock.

Circle C Ranch wild west show was here afternoon and night last Friday, and while the outfit is a small one the performance was fair, and attendance was good.

McCracken has the largest stock of dials for timepieces ever carried in the county, and can fit anything from the court house clock to a toy watch.

The streets around court square have been cleaned thoroughly, and the appearance and odor are vastly improved

Fresh, smoked and salted meats of all kinds at J. E. Coombs & Co's market.

## Notice to Stockholders.

The annual meeting of the stockholders of the Greenville Light & Water Co. will be held at the Court House in the city of Greenville on Sept. 4th, 1911 at 8 o'clock P. M. J. A. Gilman Secy.

Give us your job work.

Roark's furniture polish is somewhat better than the rest, and is sold considerably cheaper, and with the broadest guarantee—money back if not better than any you ever used.

The Greenville Light & Water Co., has moved into its new office building, and has fine and commodious quarters.

Mc has "Big Ben," one of the best alarm clocks on the market.

Next Monday is county court day, and as farm work is pretty well over, it is likely that a large crowd will be in town. The special term of circuit court will also be in session, and that will cause many people to be there.

Miss Julie T. Hall of Kirksville, Mo., is the guest of Mr. and Mrs. C. M. Martin, and is being entertained by her many friends. She has been spending the winter in Atlanta, where she was with her brother, Dr. Elmer T. Hall.

Will Reno, colored, died at his home near the colored school house at 11:15 o'clock last Sunday night, from a complication of ailments that for many months had confined him to his home. The K. of P. Lodge conducted the funeral and burial, and the sermon was delivered by Rev. Irvin at the A. M. E. Zion church at 2 o'clock Monday afternoon.

When we get to teaching farming in our high schools it will quickly be recognized as one of the most important branches of study.

Mr. Albert L. Martin, who for some seasons has been connected with the Louisville agency of the Cole automobile, has received a deserved promotion, and is, now in Denver, where he has enlarged territory, and will no doubt bring the Cole strongly to the front. His many friends here are pleased at the progress Mr. Martin is making in the important auto field.

## I. C. Excursion Rates.

The State Fair rates to Louisville will be \$4.20 for the round trip; tickets on sale Sept. 9 to 16, inclusive, limited for return to Sept. 20. W. G. CRAWFORD, Agent.

Barkley Bros. will have a fresh kiln of brick open in a few days.

Some thorough work is being done on the streets, which are cleaner than they have been in many years.

Mr. Clarence Summers was in town the latter part of last week, the first visit he has made to town since he returned to his old home at Earles in February. He has been busy at work on the farm.

"Gentleman farmer" is now the title of the cultivator of the land, and the man who still thinks of him as "hayseed" shows that his eyes are closed and his brain is not working. More knowledge is required to properly care for the land and secure its full powers of production, than is necessary in many of the so-called professions.

If you have a watch or clock out of running order, jewelry to be repaired, or sewing machines out of service, bring them to McCracken and get firstclass guaranteed work.

An inmate of the asylum at Hopkinsville died Monday of pellagra.

Judge Sandridge, as is his custom, keeps right up with the docket on the special term of court, and by thus working in season has an occasional rest spell, awaiting routine calls.

## Burr Grist Mill.

My new burr grist mill is in operation; call on your merchants for White Flint meal. Also ready to furnish the public with chicken feed and chopped corn.

Jl 28 J. A. SHAVER.

It is to be hoped that arrangements can be perfected whereby the agricultural course can be added to our high school. This is one of the most important branches that can be taken now, and all students who show proficiency have at least half a dozen offers of good jobs before they can complete the course.

## SPECIAL TERM

Of Muhlenberg Circuit Court Is in Session, Trying Felony Cases.

A special term of the Muhlenberg circuit court convened here Monday afternoon, Judge W. P. Sandridge on the bench and the commonwealth being represented by Hon. Randolph Mallory, district prosecutor, assisted by Mr. T. O. Jones, county attorney. This term is called for the trial of felony cases only, as unfortunately this part of the docket has grown to such proportions in the last few years, and so much time has been consumed on them, that there were always hang-over cases on the civil docket, delaying matters that were of importance. It is thought that the docket will be practically cleared in the two weeks allowed, when the regular September term will come.

PEPPER, N. M. Blackwell, S. P. Miller, D. M. Gill, R. H. Lyon, A. L. Patton, M. L. Boggs, Jack Reed, J. T. Spurlin, J. G. Barkley, Jr., W. E. Smith, John McElvaine, J. P. Shutt, S. J. Mohon, W. S. Mathis, R. A. Glenn, E. D. Hancock, J. S. Noffsinger, H. H. Adkins, Walter Lovell, W. T. Welborn, Jesse Murphy, Wm. Jenkins, M. H. Neal, John Payne.

Matters have been moved right along, and under the guidance of the judge, only about a day is required to get a murder case in the hands of the jury.

The attendance has not been heavy, but each case attracts a crowd of witnesses and persons interested, so that the court room contains a goodly crowd each day.

There is noticeable brevity in the speeches of the lawyers, both in prosecution and defense.

Arthur McKinley, charged with the murder of Tom Wimberley, colored, at Cleaton, was tried Monday, but after the jury had the case several hours and was unable to reach a verdict, the judge dismissed the jurors, and the case will be tried at next term.

The trial of Mann Strader for the killing of Sey Puffy is set for today, and will attract large attendance and much interest.

The case against Alex McClure for killing Phil Jenkins, both colored, was started on trial yesterday morning, and it was thought would reach the jury before night.

John Hawkins and son, Knuch, were tried jointly for the killing of Elwood Campbell last October. The jury gave the boy a sentence of 2 to 21 years, and the father was acquitted.

There will probably be a short session of court Saturday, and perhaps none at all, as the docket may be cleared up to that time.

Several persons are planning to take the \$1.75 excursion to Louisville next Sunday afternoon.

The traveler will have extra good service, with a new bus to care for him en-route to the depot.

The last examination for applicants for schools was held here last Friday and Saturday, and there were few persons attending, as most of the teachers have taken the examination and are at work.

There should be general and immediate interest in the proposed agricultural course and experiment stations here in connection with the high school.

If you want a milk chocolate, strawberry milk or Bimbo Flop, we have it. TAYLOR & POOLE.

There was a special meeting of the city council Tuesday evening, at which time the resignation of Mr. James Tinsley as assistant marshal was accepted. Mr. Tinsley will continue as private night watchman for the many business concerns with which he has a contract that will be in force for almost a year.

Mrs. C. B. Summers and daughter, Mrs. W. O. Bourland, were here this week on a short visit to relatives.

Dr. W. O. Bourland, of Sulphur, Okla., who with his wife is visiting relatives at Earles, passed through here this week en route to Rochester, where he spent a few days fishing.

If you make a good farmer out of a boy you have given him about the best means of a livelihood. Help in the effort to have an agricultural course in our high school.

## Dedication Sunday of Powderly Baptist Church.

The new Baptist church at Powderly has been completed, and the dedicatory services will be held next Sunday morning, when Dr. W. H. Powell, of Louisville, will deliver the dedicatory sermon. Dr. Powell is a noted divine, and his address will be worth hearing. The church building is an honor to the people of that section, as it is commodious and modern. Free dinner will be served on the ground, and preparations are being made to entertain a large crowd.

A farmer in Christian county, near the Muhlenberg line, has been offered to cents per pound for his tobacco, in the field, the purchaser to take charge now and do the cutting, housing, curing, etc. Tobacco crop is light, and it is predicted that prices will soar this fall, as the demand is going to be lively.

Pawpaws are ripe.

Mr. W. O. Beicher was spending a few days at home here this week.

Mr. John Martin, transfer man, has just received a new modern bus which will put him in first class shape to take care of the traveling public.

Mr. and Mrs. James R. Morgan, of South Carrollton, were here Tuesday, guests of Mrs. Jennie E. Roark, and visiting other relatives and friends.

Remember the dedicatory services at the Powderly Baptist church next Sunday.

Tobacco buyers are beginning to look around, and are spotting all the desirable crops. The crop is going to be very short this year, and on account of the drought, the yield is going to be light. The prices will be correspondingly high, though, and buyers are likely to be thick and active.

Mr. James Morgan, of South Carrollton, who is one of the leading business men there, has gained the title of farmer, as he recently sold five pigs, six months old, and one calf, four months old, for the sum of \$73.51. Mr. Morgan raised the stock at his home in town, at small expense and with little trouble, and finds that his early experiences on the farm come in handy yet.

The special session of Congress adjourned Tuesday afternoon.

The people of Greenville doubtless do not appreciate our advantages along many lines, and especially as to the special service we are receiving by the day current supplied by the water and light company. The number of central stations in the United States is some 5,700, and of these only 2,400 supply day current. Many towns ten times as large as Greenville do not have this great convenience, and now we depend as much on that as we do the night service, almost, as quite a number of manufacturing plants depend wholly on the electric current for power, as well as lights that are frequently needed in daylight hours.

Hear varied selections on the Victor talking machines at Roark's. The world's best music, as well as all the popular selections, speeches, bands, orchestras, instrumental solos, quartettes. Victrolas range in price from \$10 to \$100. Victrolas \$75 to \$250. Large library of records and all kinds of tal ing machine supplies.

12,000,000 WALTHAM WATCHES now in use. We have a large assortment of Waltham Watches in Gold, Gold Filled, Silver and Nickel Cases. A. E. McCracken.

Foley's Kidney Cure makes kidneys and bladder right.

## THANKS.

From The Surviving Members Of The Family Of Rev. and Mrs. G. P. Jeffries, Deceased.

Father love and mother love! Enduring, unchanging, unchanging love; love that breathes a prayer for us whithersoever we go, what soever we do or are. Love whose fires neither time, distance nor death can quench. Love that fails us not nor forsakes us. Though our lot be cast upon the isles of the sea, it will follow us there. If, by the grace of God, we ascend to the topmost heights of goodness and greatness, of fame and fortune, fought with smiles, it follows us there. Though cast down by the wicked one into the dark and dismal depths of degradation, it will not forsake us.

Though we may be a hopeless, homeless wanderer, friendless and penniless, the door of the world's welcome closed against us; but so long as the pulsing tide courses their precious bodies, father and mother, will stand with open arms of welcome to receive us. Though covered with wounds and bruises and grime from the buffeting of the world and sin their loving hands will cleanse us and soothe our pain, and their loving words will awaken our sleeping conscience to brighter and better things.

Oh, unchangeable love! Deep as the bottomless pit; high as heaven; broad as the universe; stronger than death. Be it of thee—be it of father and mother! Who can know the burden of grief, the unspeakable sadness, the gloom of the aching void?

Good people of Muhlenberg county, our father and mother lived and died in your midst. Hardly had we recovered from the falling blow occasioned by mother's death than father was called away. In each extremity you stood by us like faithful friends. Your friendly hand-clasp and words of cheer will linger forever in our memories. You cast the light of christian sympathy upon our gloom and the flow of human kindness at our feet. We thank you. We thank you.

For every word and deed that contributed in the least to his contribution in the least to the and mother, while living among you, and for your faithfulness in their last illness and death, and to the faithful press, which like a faithful monitor, sounded the the befitting word for these fallen Soldiers of the Cross, we feel profoundly grateful.

Thank you, one and all. The Children By W. P. Jeffries.

## House and Land for Rent.

The Captain Roark property, a room house, stable, live water, several acres of land, ready for cultivation located just outside of town, on two streets, will be rented reasonably. Fine location, desirable home. Apply to Orion L. Roark, Greenville, Ky.

## Rheumatism

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of

## Chamberlain's Liniment

is all that is needed and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price a set, large size, 50c.

## Indigestion

Stomach trouble is not a symptom of, and not in itself a true disease. We think of dyspepsia, flatulency, and indigestion as real diseases, yet they are symptoms, only of a certain specific nerve weakness—nothing else. It was this nerve that first severely led Dr. Shoop in the creation of this very popular Stomach Remedy. Dr. Shoop's Restorative, going direct to the stomach nerves, alone brought the stomach and liver to its normal and healthy condition. Without that original and highly vital principle, no such instant and complete relief would have been possible. For stomach distress, bloating, flatulency, bad breath and sourer complexion, try Dr. Shoop's Restorative. Tablets or liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

## Dr. Shoop's Restorative

Champion Chemical Co., Sole Makers, Springfield, Ohio.

### The highest medical authority on foods,

Sir James Crichton Browne, LL.D.—F.R.S. of London,

gives the best reasons for eating more

## Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal.

"Oats are the most nutritious of all the cereals, being richer in fats, organic phosphorus and lecithins."

He says oatmeal is gaining ground with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish laborer's diet and says it produces a big-boned, well-developed, mentally energetic race.

His experiments prove that good oatmeal such as Quaker Oats not only furnishes the best food for the human being, but eating it strengthens and enlarges the thyroid gland—this gland is intimately connected with the nourishing processes of the body.

In conclusion he says—

"It seems probable therefore that the bulk and brawniness of the 'Northerners' (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oat-meals.

### A BETTER MATTRESS FOR LESS MONEY

Let us prove to you that the Stearns & Foster Windsor grade Mattress is superior to any \$15.00 mattress advertised in the magazines. You don't have to buy on faith. We'll show you the inside (an important side to know) of the very mattress you buy.

### WHERE DYNAMITE IS KING

Stupendous Job of Tunneling and Filling Being Done in New Jersey Mountains.

When the grandfather of the present czar found his engineers disputing as to the best route for a railway between two cities in his dominions, the autocrat took rule and pencil and drew on the map a straight line from the one town to the other.

"Should it not be so?" he commanded. And he was obeyed.

That was the trend of despotism. In this present century, skilled engineers set themselves a like task at a safer bidding. Up in the mountains of New Jersey today a great railway is busy with a cut-off that, when completed, will shorten the right of way by a few miles. Incidentally, this is the largest railroad contract ever undertaken. The cut-off is being built to save miles—nothing else. To that end, the topography of the country is disregarded as recklessly as the czar disregarded it in Russia. In fact, simply, the road must run where the company wishes it to run, but where nature offers a path. A mountain in the way must be removed, a valley that interposes must be filled.

It is for this sort of work that the god of dynamite finds up his limbs and piles tribute on miracle in achievement. About thirteen cuts loaded with dynamite are sent to the cut-off from the mine. Powder works each week a total of four hundred and fifty cases, of fifty pounds each, to a car, we have a total of 22,500 pounds used there in a single month, which amounts to almost ten thousand pounds daily. Just think of it—ten thousand pounds of dynamite exploded in that rock and the mountains every day! And that has been going on for a year already, and the end is not yet.

### LEGACY BROUGHT MUCH WOE

Trouble That Came on Socialist Member of Ricketts Through Bequest of Admiration.

Much amusement has been caused in Berlin, particularly among members of the reichstag, by the history of a legacy left to a socialist member by an admiring fellow socialist at Frankfurt. This man, a humble tailor, left all his worldly belongings to the politician as a mark of his respect and esteem for the principles of socialism. The total value of the estate was proved at about \$250, which was duly handed over to the legatee. Then his troubles began. The widow, who had been separated from her husband for many years, claimed half the estate; and though her legal rights were all, the socialist, true to his principles, gave her \$175 which she asked. Shortly afterwards, the municipal authorities came forward and claimed \$100 in respect that the tailor had received poor relief for some time past, and this amount was also handed over. Even then, however, the troubles of the legatee were not yet ended. One day there arrived at his home a large case, for which he had to pay \$72. Refusal to accept the case was impossible, as it was explained that it contained an urn in which were the ashes of the dead tailor, who, in accordance with his expressed desire, had been cremated, with the result that his estate was liable for the crematorium fees, and the legatee was properly the owner of the ashes. The socialist member thus found his legacy reduced to three dollars, and as there is still some stamp duty to be paid he will probably find himself out of pocket before the matter is ended, while there appears always to be a risk of fresh claims being put in.

**The Dog's Bath.**  
Short-coated dogs need grooming as well as the long-haired varieties. To keep them in good condition they should be well brushed every morning.

Opinions differ as to the washing of terriers, many people saying they should not be washed frequently, but on savdust being rolled well into their coats to cleanse them; but personal experience with fox terriers proves that thoroughly washing them with good soap and warm water and a disinfectant once a week will keep them sweet and clean, and absolutely free from flea and vermin of any description of course, provided that bedding, etc., receive proper attention. The dog must be well dried and brushed and soap thoroughly rinsed off, especially from the ears, or it may cause canker of the ear, which is a common complaint, and may often be relieved by shaking a large pinch of boracic acid powder into the ear three times a week.

**Fine Mink Furs for Prize Dog.**  
It isn't every dog that can boast of false hair and wear two sets of fur brazenly, just as though it didn't care who knew that one of them was not its own hair. But even the granular will grudgingly admit that there are exceptions to all rules. This time the exception is Orange Lady Jane, owned, controlled and fed by J. P. Lane.

The coat with which Lady Jane will be stepping out in a few days is made of mink and will cost \$250. The coat is striped with dark and light pink and has 14 dangling tails. Considering the past records of Lady Jane Mr. Lane doesn't think he is doing too much for the dog.

"She wins in about every show I have exhibited her," Lane said. "She'll be a dazzler in that outfit. It's a shame to hide her natural color and charisma with even mink skins, but you know the wind these days is cutting."

### "Dr. Miles' Nervine Raised Me From the Grave"—Mrs. Taylor

This is a strong statement to make, but it is exactly what Mrs. Thomas Taylor, of Blum, Texas, said in expressing her opinion of this remedy.

"Dr. Miles' Restorative Nervine raised me from the grave and I have much confidence in it. I can never say enough for your good medicine. If anyone had offered me \$100.00 for the second bottle of Nervine that I used I would have said 'no indeed.'"

MRS. THOMAS TAYLOR,  
Blum, Tex.

Nervous exhaustion is a common occurrence of modern life. The wear and tear on the nervous system is greater now than at any time since the world began. For sleeplessness, poor appetite and that "run down" feeling, nothing is so good as

#### Dr. Miles' Nervine

Your nerves are your life and lack of vital energy makes existence a misery. Dr. Miles' Nervine will tune up your nervous system. Ask any druggist. If the first bottle fails to benefit, your money is returned.

MILES MEDICAL CO., Elkhart, Ind.

Get potted plants and cut flowers from Miss Lena Arnold.

Take your beef hides to J. E. Coombs & Co. and get the cash.

Several patterns of swing porch settees at Roark's, and you are invited to call.

### Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

**THE FORD'S BLACK-DRAUGHT Liver Medicine**

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

SOLD IN TOWN

The largest line of the best baby carriages in town are on display at Roark's.

## Why Not Read The Courier-Journal?

HENRY WATTERSON  
Editor.

WE CAN FURNISH YOU

**THE RECORD**  
AND THE  
**WEEKLY**  
**COURIER-JOURNAL**  
BOTH ONE YEAR FOR  
**\$1.15**

We can also give liberal combination rate with Daily or Sunday Courier-Journal. Write Courier-Journal Company, Louisville, Ky., for free sample copy of edition you desire, but be sure to send your subscription order to this paper—NOT to the Courier-Journal.

Deal at home as much as possible. Build up your home town. This will make you a better home market and enhance the value of your property.
